ABOUT THE PROJECT

The Research Lower Plenty Baseball Club (RLPBC) has enjoyed phenomenal growth in kids playing baseball in recent years. We are playing and training under constrained capacity with facilities built in the 1970's that our club has outgrown and is unsafe for our members - both senior and juniors.

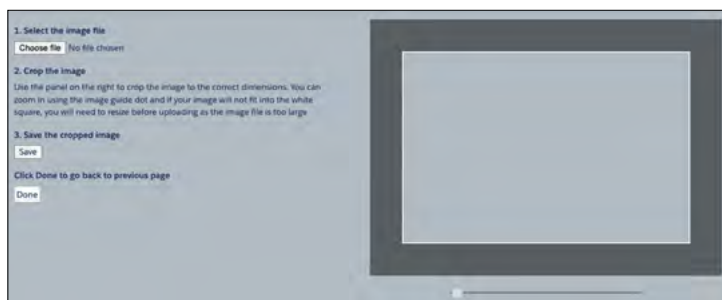

The club is seeking funds to build a training space, fully enclosed and flood lit. This new batting cage has Banyule City Council endorsement and they will co-contribute to the funding.
